Design your perfect table

With Table.ID 2.0, creating your ideal table has never been easier. This advanced configurator guides you step by step, helping you select from a wide range of options to craft a table that fits your style and space.

Table.ID 2.0 only shows what's possible. The configurator automatically adapts to your choices, ensuring a seamless experience without errors. If a combination isn't available, it simply won't be clickable.

In the following pages, you'll find an overview of all possible options, but when using the configurator, you'll see only what works. Explore the possibilities and create a table that's uniquely yours.
