A thoughtful collaboration, rooted in design and comfort

Tadaima was founded in Copenhagen in 2021 by Hanne Berzant and her daughters Josefine and Emma. With backgrounds in design, visual branding and international sales/marketing, Tadaima saw the need for a more curational way of working with design rooted in craftsmanship, material quality and iconic presence.

Rather than following a single design style, Tadaima Studio's furniture and interior designs are shaped through selection and balance. References are drawn across periods, cultures and places, allowing different design expressions to meet within a coherent whole that feels both contemporary and timeless.

Tadaima has the privilege to work closely with Flexlux on new designs for this and upcoming collections. Hope you like what you see and feel.
