Change positions smoothly and effortlessly

Flexlux offers three functions

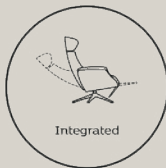

Gas spring mechanism

With the gas spring mechanism your favorite position is just a pull away. The gas spring mechanism allows you to change positions smoothly and effortlessly, ensuring a calm place to relax.

Gravity based recline function

The Gravity based recline function is adjustable for both height and weight. The dual adjustment mechanism of the gravity technology provides you with a natural and stylish retreat that quickly lets you adjust the angle to your preferred position.

Integrated footrest function

The motion touch panel is based on the same technology as the gas spring mechanism. The panel is placed under the arm, perfectly for adjusting the back angle and the integrated footrest with a double motor function. This ensures that you will find pleasure in every moment. Choose between a solution with cable or a wireless solution with rechargeable battery.
